

This certifies that MAAC has authorized **OTTAWA VALLEY JETS [Club 800, Zone G]**

To operate the following categories of models: **mRPAS, SRPAS & MRPAS**

At or from the following location: **Snake Island Airfield, 2789 McGuire Road, Osgoode, ON – within 0.5 nm of 45 10' 35.8" N, 75 35' 13.3" W.**

This authorization is contingent upon all members who use this site following the applicable Canadian Aviation Regulations, local laws, the club rules and the MAAC Safety Code.

MAAC provides the following:

- This site requires all RPAS pilots to meet Basic RPAS requirements for RPAS operations below 400'AGL.
- This site has been approved for RPAS operations to a maximum altitude of **700AGL**, provided all conditions outlined in the MAAC approved club rules and MAAC SFOC are met.
- RPAS pilots intending to operate above 400'AGL must have a valid and current Advanced RPAS Operators certificate or be operating under an appropriate authority issued by MAAC or Transport Canada.
- This site has been approved for MRPAS weighing between **25-35kg**.
- RPAS pilots intending to operate RPA weighing between 25kg and 35kg must have a valid and current Advanced RPAS Operators certificate or be operating under an appropriate authority issued by MAAC or Transport Canada. All RPA in this category must be owned and maintained by the MAAC pilot member and the member must certify they are following the MAAC manufacturer declaration. RPA weighing over 25kg may not be operated over 400'agl.
- CAR compliance remains and individual responsibility.
- Any changes to club rules or procedures upon which this authorization was issued **MUST** be approved by MAAC.

This authorization is valid until the OTTAWA VALLEY JETS [Club 800, Zone G] fails to renew their MAAC membership, dissolves, or otherwise does not comply with any MAAC requirements or requests.

President, MAAC
